

AUTISM SPEAKS

*1 in 150 children
is diagnosed with autism.
More children will be diagnosed
with autism this year than with
AIDS, diabetes and pediatric cancer
combined.*

Autism Speaks is actively seeking
partnerships with corporations wanting
to have a wide impact on societal-level
changes in how autism impact issues are
approached and resolved.

*Autism Speaks partners with
you, our corporate sponsor, in
your strategic objective to reach
your business goals through
a program of good deeds.*

As a leading corporate citizen, your
alliance with Autism Speaks will realize
benefits on your reputation and your
bottom line. You will enhance your
marketing efforts, and generate goodwill
among key constituents.

*And Autism Speaks will be able to
close in on fulfilling our mission
to identify causes, prevention,
treatments and cures for autism.*

*1 in 94 boys
is on the
autism spectrum.
